

**Secure On-Site Shredding**  
The Company Literally tearing it up!

**Jefferson**  
Physician Group

When determining the best company for shredding documents we selected Secure On-Site Shredding due to the many services they offer and the ease of doing business with them. Unlike some shredding companies, SOSS does not require a commitment for scheduled visits nor do they require a contract for their services. You also will not be charged for trip fees or fuel surcharges.

Their services include much more than paper shredding such as:

- One-time purge projects
- Recurring shredding services
- Hard drive destruction
- Data and document storage
- Recycling
- Saturday shred times
- Secured bins and carts
- Media destruction
- X-Ray destruction

17110 Dallas Parkway, Ste 200, Dallas TX 75248
