

TMLT has worked with Texas physicians since 1979 and our commitment to the Texas medical community has never wavered.

How We Are Different:

- Claim **decisions are guided by physicians** who know and **understand the intricacies of patient treatment**— not by insurance specialists focused on the bottom line.
- Texas focused, we understand that **liability concerns vary from region to region** and know how to **rate your coverage accordingly**.
- We will **never settle a claim without your consent**.
- We do not **settle non-meritorious lawsuits**.
- We not only defend our members against lawsuits, but **also provide representation during disciplinary proceedings** with the Texas Medical Board.

TMLT remains the preferred choice for physicians and surgeons, regardless of the dynamics of your practice. We are committed to providing the best protection and benefits possible and consistently stay on top of the laws and the landscape of Texas in order to provide you with the most current information.
